

I thought I would pass this along – and ask that you may in turn pass it on to the NHLA membership - regarding the newly formed “New Hampshire Shorefront Association” - created by a group of contractors affected and soon to be further affected by changes to the Comprehensive Shoreland Protection Act, as are many Land Surveyors who regularly deal with this particular realm of the “Regulatory Process”.

Please visit the website for more information:

Info on the New Hampshire Shorefront Association;

[www.nhshorefront.org](http://www.nhshorefront.org)

Cheers

David M. Dolan, LLS
